HEPATITIS C - Genes, Screens and New Vaccines

You are invited to attend a **PUBLIC LECTURE** by experts in the field of Hepatitis C Virus working with Drs Jane Collier, Ellie Barnes and Prof Paul Klenerman.

Viral hepatitis infects 1 in 12 people around the world. Would you like to; hear the latest developments with the studies in Oxford and what they are discovering about our genes? Hear about developments in the treatment of HCV? Would you like to participate in studies of vaccines?

Everybody welcome; doctors, patients, nurses, students, and interested members of the public

Thursday 23rd September 2010

7-8.30 pm, Lecture theatre , Post Graduate Education Centre,
Level 3, John Radcliffe Hospital, Oxford

Light refreshments will be served
